RE: Harassment by DCI / Kebin Haller

Summary:

She is being harassed by Kebin Haller of DCI. The grandfather of her children works under Kebin and because of visitation issues was harassing her. She contacted the police and DCI about this harassment and now Kebin is harassing her. He is blocking her 911 calls to the police and continued to harass her via phone. The visitation issue has been resolved by the Court, so she would appreciate that the calls stop.

She contacted the AG's office, but feels nothing will be done, so wanted the Governor to be aware of this issue.

Thanks!
